

# Discover Tiree

## Visitor Guide 2024

# Welcome Fàilte

The Isle of Tiree is the most westerly island of the Inner Hebrides. It is relatively small - about twelve miles long and three miles wide - and very flat. Although the name means 'the land of corn' it has been described variously as 'a raised beach' and 'the land below the waves'.

The island has a mild climate with some of the highest levels of sunshine recorded anywhere in the British Isles. It benefits from the moderating influence of the Gulf Stream ensuring that frost is rare and evenings in mid-summer are warm and balmy.

# About Us

Discover Tiree is run by Tiree Community Development Trust with the aim of providing a 'one stop shop' of information for anyone planning to visit the island.

Initially established in 2003 as an independent association of businesses and individuals engaged in tourism, Discover Tiree is the Destination Management Organisation (DMO) for the Isle of Tiree with the website receiving over 100,000 hits each year.

Discover Tiree became an initiative within Tiree Community Development Trust in 2019, this relationship ensures that the local community is at the forefront of our work, and that we promote responsible tourism that is benefit to both visitors and residents.

Working with the Ranger Service (also hosted by the Trust in Tiree) we provide information and advice for visitors through producing a range of helpful and informative colour brochures, books and maps. These are available from our island information office and various locations around the island, as well as from the Ranger. You can also keep up to date with island information on our Discover Tiree social media platforms.

# chat to a friendly local

Drop by the Tiree Visitor Centre to have a chat with our staff who are enthusiastic about sharing their local knowledge and helping with any questions you may have.

# About our island

Tiree is a working island that welcomes responsible visitors. The different landscape types found on the island - machair, grasslands, dunes and sliabh - are managed by islanders and form an important part of their farming and crofting operations. Damage to grazings results directly in reduced income to islanders, so please be careful when travelling around the island.

We have a very fragile but beautiful environment in Tiree with protected areas of special significance. These do not stand up to continued use by motor vehicles and can become damaged very quickly. Tiree is also well known for its wildlife, in particular the many species of birds that are found here. At certain times of the year we have many ground nesting birds, which can easily be disturbed by vehicles, we ask that you take care and follow the advice found later in this guide.

# Eat, Drink and Shop

\*Please note that opening hours of businesses in the island may be subject to change

# WALKS

The twelve walks in the "Tiree Walks" have been carefully chosen to give a taste of what's special about this small Hebridean island. Some of the walks take in favourite beaches and destinations such as Balephuill, Balevullin and The Maze, The Ringing Stone and Happy Valley - others encourage the walker to explore less well-known parts of the island such as Caolas, Greenhill and Hough. Each walk takes you through a range of different habitats from coastal strand to machair and sliabh. Each walk is accompanied by a clear map, a detailed description of the route and wildlife notes outlining what you may be able to see during the walk at different times for the year.

The book is available from the Tiree Ranger, the Tiree visitor centre, or from shops and outlets in the island. There is also general walking access to fenced and unfenced land in line with the Scottish Outdoor Access Code. The Tiree Ranger, who will be out and about most days in different parts of the island, will be more than happy to help with questions about the island - particularly walking, wild camping, access and parking.

# EXPLORE BELOW THE WAVES

## **Blackhouse Watersports • Balevullin • 07711 807976**

Learn to surf on beautiful Balevullin beach. Using our beach hut as your base you will have access to super friendly instructors and a wide range of excellent surfboards and wetsuits. Beginner lessons through to advanced, suitable for all ages. Kitesurfing lessons available using a range of North kites. Bike rental with Trek 29er bikes - delivery to your accommodation.

# TIREE RANGER ACTIVITIES

Tiree has its very own ranger, Hayley. We are doing things a wee bit differently and going bespoke! We are pleased to say that you can book Hayley for your own experience in the island with activities available for family groups or adults.

Activities can include rock-pooling, otter tracking, or learning about seaweeds, but vary depending on what you fancy doing.

Guided walks for example can be to Kenevara, the ringing stone, or to look for otters and seals and birdlife. All depending on your abilities and what you would like to do.

So, if you fancy having a guided walk to many of our sites on the island, or having a family activity then please get in touch.

Email: [ranger@tireetrust.org.uk](mailto:ranger@tireetrust.org.uk)

Phone: 07391239502

# TIREE LANDMARKS

The Isle of Tiree may be known for its beautiful landscapes and amazing scenes but it is also an island steeped in history and cultural significance. There are a vast amount of historic landmarks still remaining on the island from the Iron Age to War Time.

### **An Iodhlann • Scarinish**

The island historic centre. Since 1995 it has been collecting artefacts and photographs of times past. An exhibition tells the story of the island and its people, and there are fascinating objects and artefacts on display. There is also help on hand to trace family roots.

### **Ben Hough • Hough**

The summit of Ben Hough, 119m, provides panoramic views of the whole island and beyond to the outer islands. The concrete steps to the right of Hough House lead to the summit observation post which was part of the RAF presence on Tiree during WWII.

### **An Turas • Scarinish**

An Turas, Gaelic for 'the journey', is an award winning installation situated adjacent to the CalMac pier office. This building won the prestigious 'Stirling Prize - Scottish Building of the Year' in 2003. Walking through it gives the complete island experience from the impression of a pier to a black roofed house, with vistas of shore and sea.

### **Ben Hynish • West Hynish**

The summit, which is the highest point on the island at 141m, offers wonderful views of the whole island and the Skerryvore Lighthouse to the south-west. The 'Golf Ball', which sits at the top of the hill, is an important civil aviation radar station which scans the skies two hundred miles out into the Atlantic. It was built in 1985. There is no public road access.

### **Dùn Mòr Bhalla - Vaul Broch • Vaul**

This is the best example of a broch on Tiree and the only one that has been excavated. It is believed that the broch was built in about 60AD, initially as an emergency refuge and stronghold, and then inhabited for 200-300 years. Originally the broch had a double wall with an inner staircase leading to two or three galleries.

### **Happy Valley • Hynish**

Happy Valley, probably named by an airman during WWII, is found in the south-west of the island about 1km from the township of Hynish. A prehistoric fort, Dùn na Cleite, occupies the southern end of the rocky ridge above the valley and is regarded as one of the strongest, naturally created, defensive sites on the island.

### **Hynish Heritage Centre**

The buildings at Hynish were started in 1837 and comprised a dock, workshops and lodgings for those involved in the building of the Skerryvore Lighthouse. One of the listed buildings in Hynish is home to 'The Story of Skerryvore Lighthouse' exhibition. This exhibition records the fascinating account of the construction of the tallest lighthouse in Scotland by Alan Stevenson, uncle of Robert Louis Stevenson. Visitors to Hynish can also enjoy the Treshnish Isles natural history exhibition.

### **Kilkenneth Chapel • Kilkenneth**

Now in ruins, this church building probably dates from the late Middle Ages. With its dedication to St Kenneth, a contemporary of St Columba, it may have replaced earlier, less substantial structures on this site. St Kenneth is said to have lived on Tiree in the late 6th century and to have accompanied St Columba on a mission to the Inverness area to convert King Brude to Christianity.

### **Loch a' Phuill • Balephuill**

Loch a' Phuill is the largest of the lochs on Tiree and supports a particularly diverse aquatic plant flora and also several species of pondweed. Loch a' Phuill is one of the best examples of a coastal eutrophic loch - rich in mineral and organic nutrients.

### **Kirkapol Chapels • Kirkapol**

Situated behind Tiree Lodge Hotel, and accessed from a track leaving the hotel car park, these ancient chapels are both dedicated to St Columba. The smaller ruin dates from the 13th century. The larger ruin, which dates from the 14th century, is the former parish church and stands in its own graveyard where many ancient and interesting burial stones are still visible.

### **Loch Bhasapol • Cornaig**

This is the second largest loch on Tiree situated in the north west of the island. Two small islands in the loch may be crannogs. A crannog is a type of ancient loch-dwelling found throughout Scotland and Ireland dating from 5,000 years ago. Many crannogs were built out in the water as defensive homesteads and represented symbols of power and wealth.

# FRIENDS OF NÀDAIR THIRIODH

Friends of Nàdair Thiriodh is a membership organisation dedicated to preserving and conserving the internationally protected landscape of the Isle of Tìree.

We believe that this Hebridean island has some of the most spectacular and precious landscapes in Scotland.

Please help us to protect and conserve the natural beauty of these landscapes for the benefit of visitors, local communities, wildlife and habitats.

# TIREE COMMUNITY BUSINESS

Tiree Community Business (TCB) has been operating in the Island since 1995, and is run by 10 volunteer directors as well as employing an office building manager and 2 remote editors.

TCB are based at the Island Centre, a community building that is owned by the organisation, and of which, some units are leased out to Argyll and Bute Council, Isle Develop CIC, Tiree Community Development Trust and the Scottish Government.

TCB run the island newsletter An Thirisdeach and other projects like the public toilets in Scarinish and the play park in Crossapol.

## **Public Toilets in Scarinish**

TCB took over the upkeep of the public toilets in Scarinish in 2021. In order to cover the cleaners wages and the consumables TCB kindly ask for donations when using these facilities.

## **Play Park in Crossapol**

The community play park in Crossapol is equipped and maintained by TCB.

Donations would be welcome in the money box to help with the maintenance of this well used and loved community park.

# Out and About on Tiree

## Motorised Vehicles

Motorised vehicular access is permitted only on public roads, unless it is an emergency, a motor vehicle specifically for a disabled person or on official croft business.

Motorised vehicular access or parking away from public roads and road verges, on croft tracks, unfenced land and beaches, is permitted only if authorised by the landowner.

When you park a vehicle it is important not to cause any damage or create an obstruction, so please ensure you: leave the entrance to a field or building clear; do not obstruct a road or track; have regard for the safety of others; try not to damage the verge; use a car park if one is nearby.

## Public Toilets

Public toilets are located at the Rural Centre and in Scarinish. There is also a water tap and a chemical disposal point by the public toilets in Scarinish.

## Waste Disposal

- Please dispose of litter responsibly
- Please avoid damaging grass by not lighting camp fires on grassland
- When waiting for the ferry, dog owners are asked to use the dog waste facilities which are situated behind the Calmac office

## Parking

By using the marked parking areas around the island, you are helping us protect our environment and wildlife for future generations to enjoy. Please do not park in pockets on the road.

## Emergency Services

In Tiree, most emergency services - the ambulance, fire service and coastguard - are staffed by volunteers. Along with the island's doctor and nurses, they use their own vehicles during emergency 'call-outs', driving with their headlights on and their hazard warning lights flashing. If you see such a vehicle, pull over as quickly as you can at the next passing place.

# Using the Roads

All roads in the island carry the national speed limit so be aware that some people may be driving faster than others. You should always allow faster vehicles to overtake. On single track roads you should pull into or stop at the next lay-by to allow the faster traffic to pass.

Passing places take practice! If you see an approaching vehicle, indicate and pull into the next available passing place on the left-hand side. Wave and smile! If the next passing place is on the opposite side of the road, indicate and stop opposite the passing place. Never drive across the road to wait in a passing place on the right-hand side.

The recommended safe passing distance between a car and a bicycle is 1.5 metres (5 feet), ideally more – especially on windy days or on uneven roads. Single-track roads do not allow enough space for this. Car drivers and cyclists should therefore wait at a passing place rather than trying to squeeze past each other on the road.

Gott Bay moorings are available for public use. They are available on a 'first come-first served' basis and the cost is £20 per day.

Payment is accepted by the following methods:

BACS - account number 00145364, sort code 83-27-03

PAYPAL - <https://www.paypal.me/tcmal>

CASH - honesty box next to Tiree Garage on the Pier Head

Each mooring has a maximum weight capacity of 15 Tons.

For more information please contact [admin@tireetrust.org.uk](mailto:admin@tireetrust.org.uk) or call 01879 220 074.

For information about Scarinish Harbour please call 01879 220 074

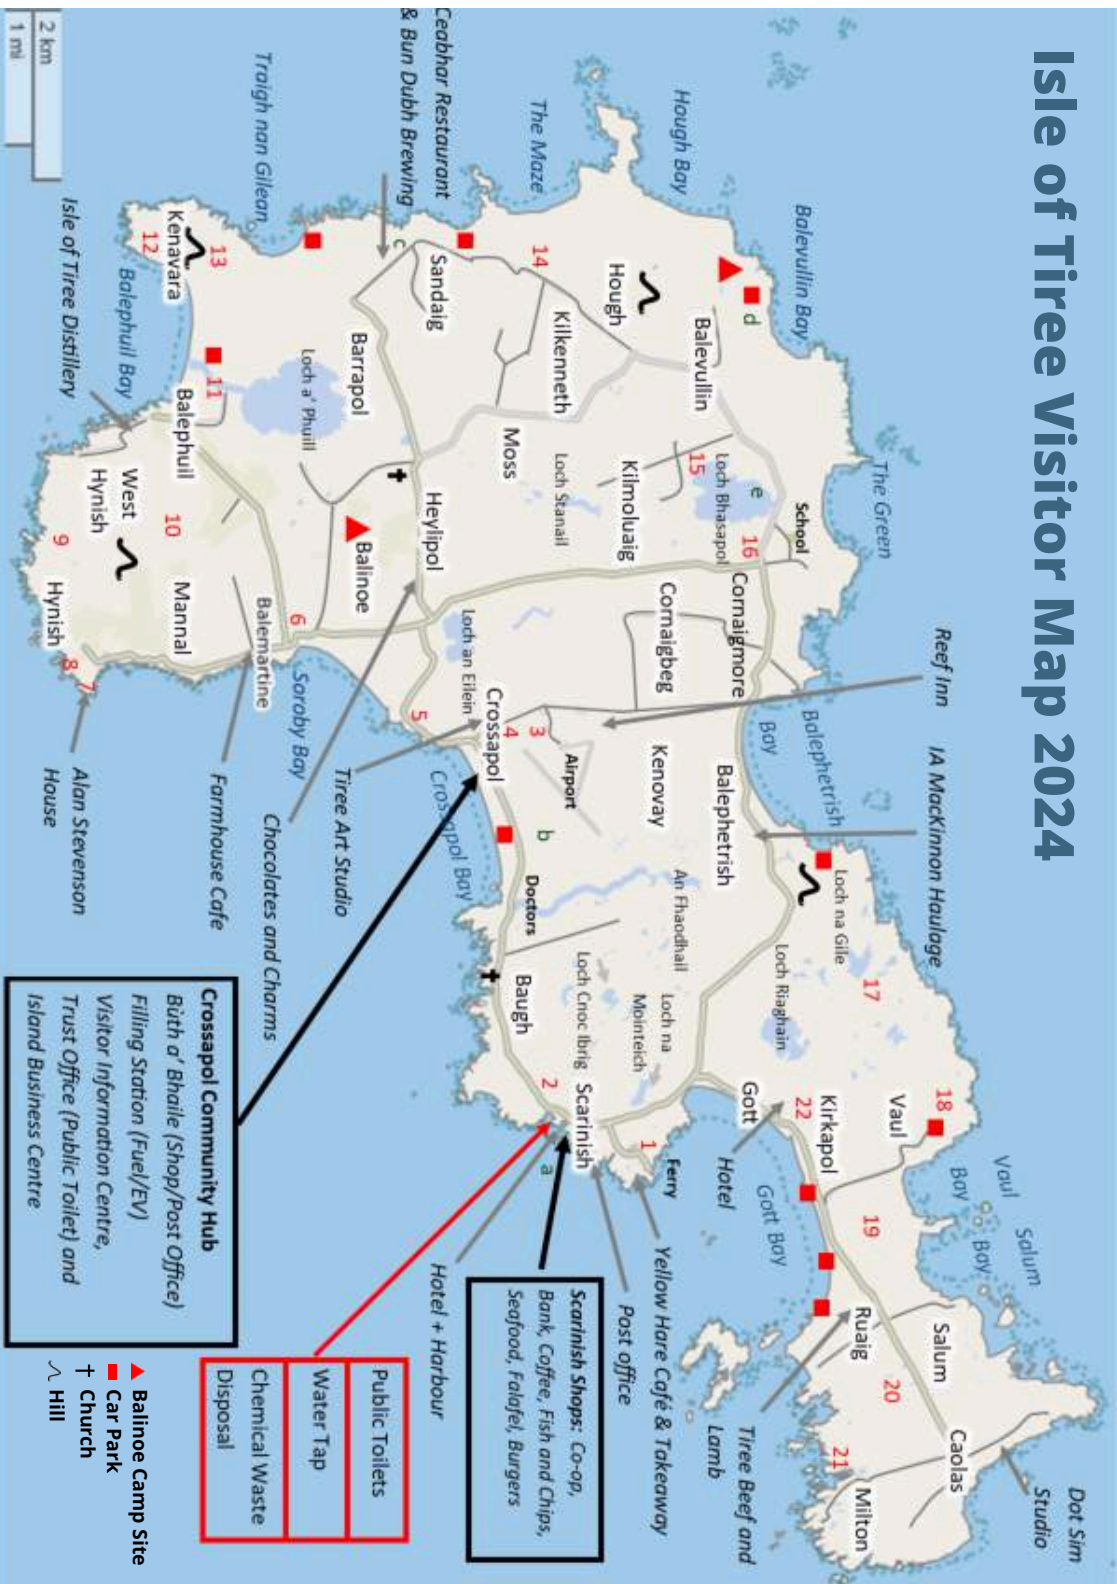

## Fàilte do Thiriodh! Welcome to Tírree!

In the Isle of Tírree there is something of interest for all visitors, however young or old. The beautiful beaches, provide miles of potential sandcastles, gently sloping paddling pools, and windsurfing for the more adventurous. Tírree's history and architecture capture the imagination revealing bygone ages, and the abundance of birds and other wildlife will keep naturalists engrossed for many an hour. And if all you want to do is walk then you've come to the perfect place!

One of the many things that makes Tírree great is the people that live here! Tírree is a working island and we kindly ask that you respect the community when visiting.
